

## Early Head Start School Readiness Summit

at Stoney Creek Inn & Conference Center, 100 Imperial Avenue, Rothschild

### Training Objectives:

- Explore the range of data related to infants' and toddlers' school readiness and how this data connects to continuous program improvement.
- Discuss strategies for supporting staff in their work with child screening and assessment data.
- Discuss steps to develop a continuous improvement approach for measuring key family outcomes and tracking families' progress.
- Review considerations for collecting data on infants and toddlers who are Dual Language Learners.
- Plan for program systems that support quality data collection and use in daily practice and for continuous program improvement.
