4K and Head Start

Head Start Programs are flexible in meeting the local community needs for both 4K and the comprehensive supports for families living in poverty. Working with public school districts to provide high quality 4K, Head Start programs are challenged with braided funding streams, and working with multiple LEA's to set each child on a path for school success.

Number of LEA's

- 879 with 697 formal agreements with Head Start programs
- 372 Programs with formal agreements for pre-K services
- 69% Report 4K classrooms with only HS children
- 23% Report mixed classrooms of 4K and HS children
- 8% District only 4K and home based services
